Dahej Tank Farm

Document no: SOP-TKF-TANK-GAUGING Revision: B
Title: Tank gauging and dip checks
Owner: Arvind Nair
Issued: 06 June 2025

Primary equipment: T-6102, Product storage tank 2

Purpose. Tank gauging and dip checks.

Method. Check the radar level gauge of each tank against a manual dip once per week. A difference above 20 mm is reported to the instrument technician. Record tank temperature with the level.
